ATIVIDADES

4 ANOS

100 atividades para imprimir

Desenhar • Contar • Pintar • Brincar

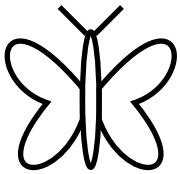

Feito por Prof Juliana Santos

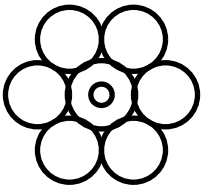

Nome da criança: _____

Estradinhas para seguir

Passe o lápis pelo caminho pontilhado para levar a borboleta até a flor.

COMEÇO

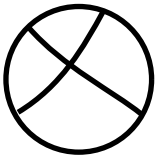

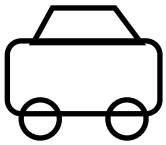

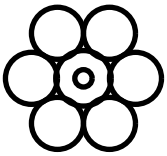

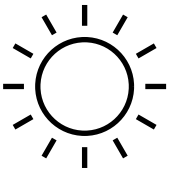

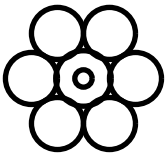

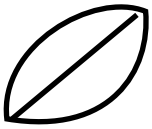

CHEGADA

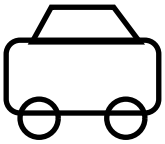

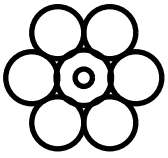

Habilidade: coordenação motora

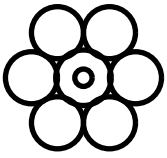

Pinte e descubra

Pinte os desenhos de flor e faça um X nos desenhos de carro.

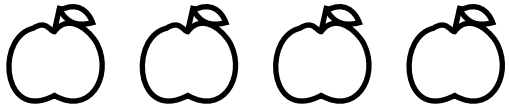

Habilidade: atenção visual

Conte os desenhos

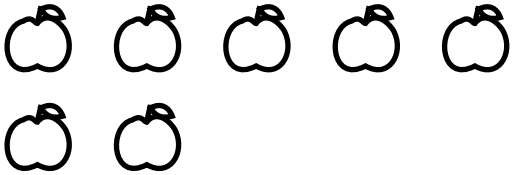

Conte os desenhos de maçã em cada linha e circule o número correto.

3 **1** **2**

3 **5** **4**

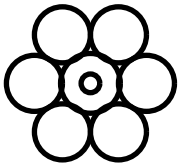

6 **8** **7**

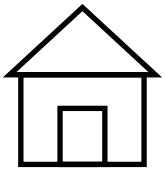

Habilidade: contagem

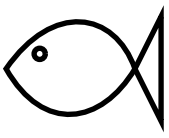

Encontre os pares

Ligue cada desenho da esquerda ao desenho igual do lado direito.

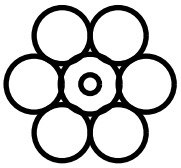

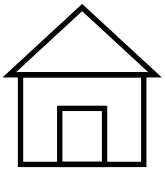

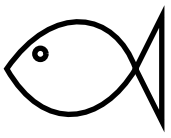

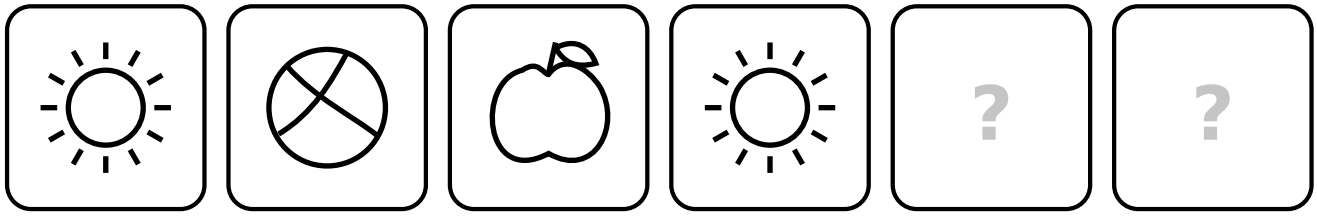

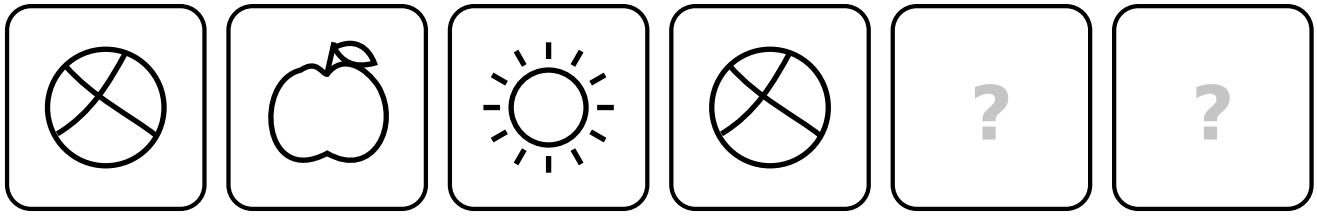

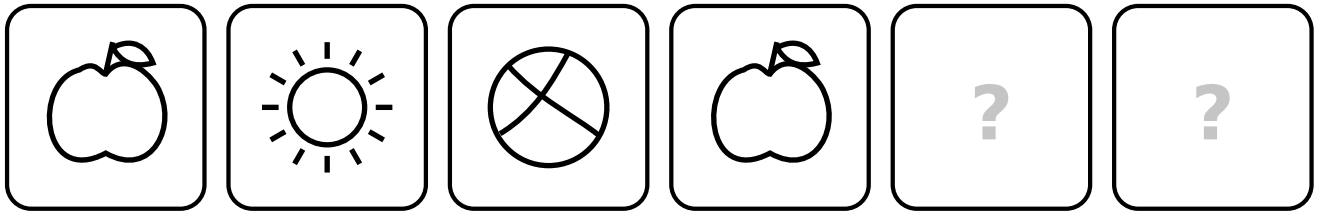

Habilidade: percepção visual

Qual vem depois?

Descubra a regra e desenhe as próximas figuras nos quadrinhos vazios.

Habilidade: sequência lógica

Aprendendo números

Passe o lápis sobre o número 2. Depois, tente escrevê-lo sozinho nas linhas.

2

2

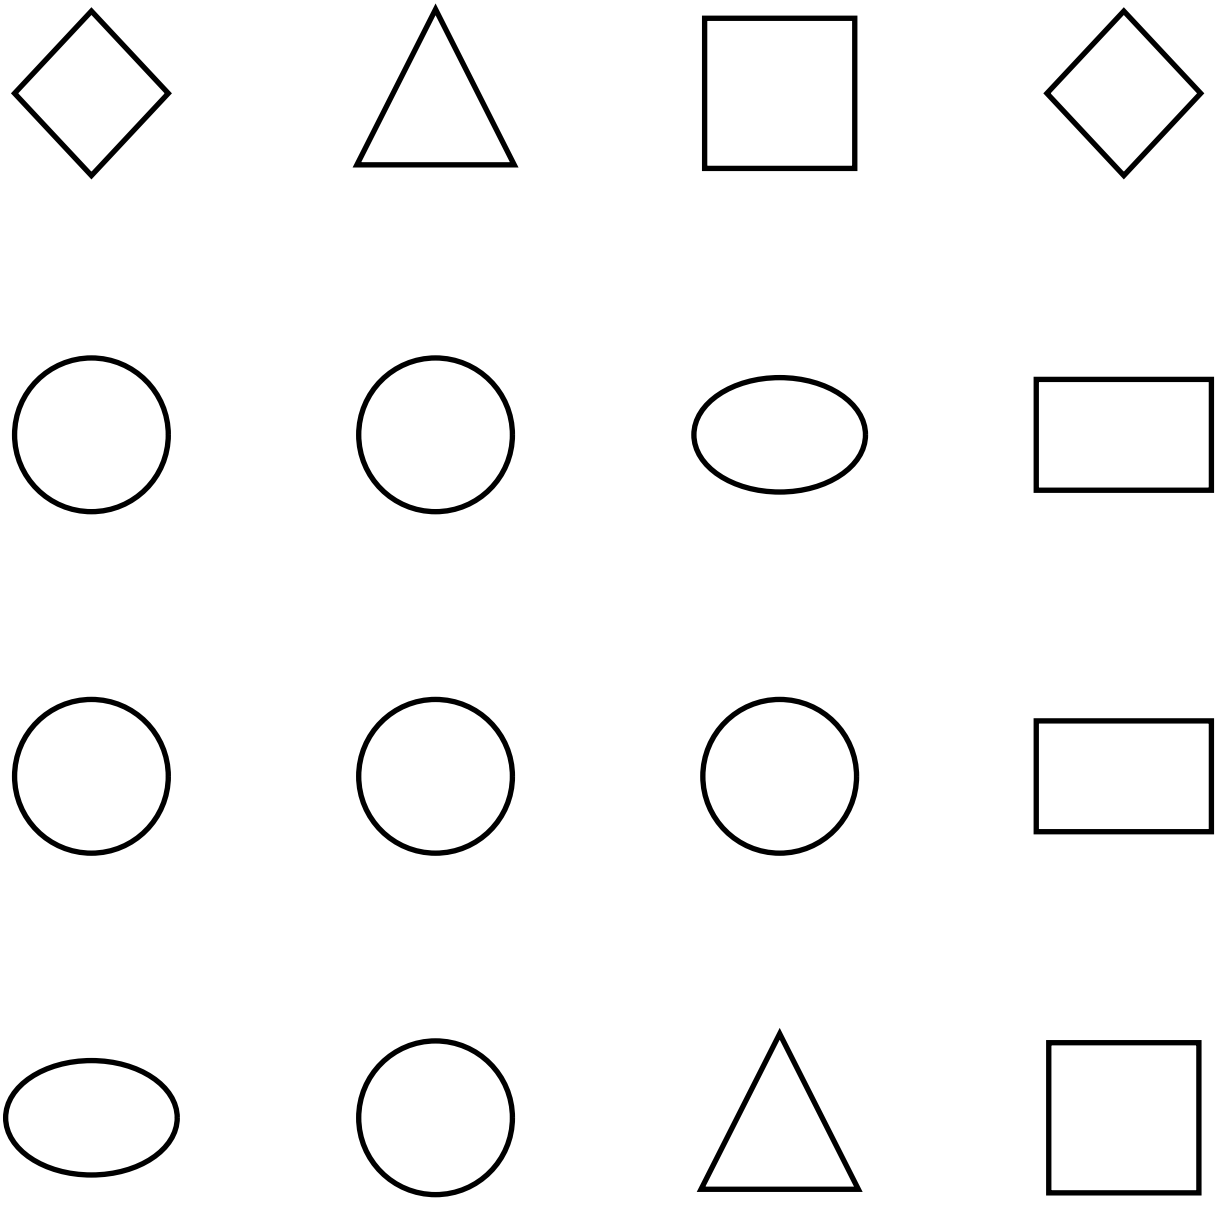

2

2

Habilidade: traçado numérico

Caça às formas

Encontre e circule todos os círculos.

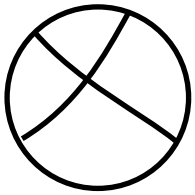

Habilidade: formas geométricas

Prof Juliana Santos

Nome: _____

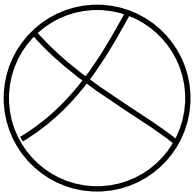

Pequeno ou grande?

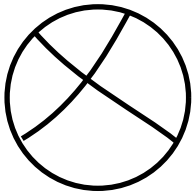

Em cada dupla, circule o desenho MAIOR.

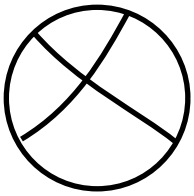

Habilidade: comparação de tamanhos

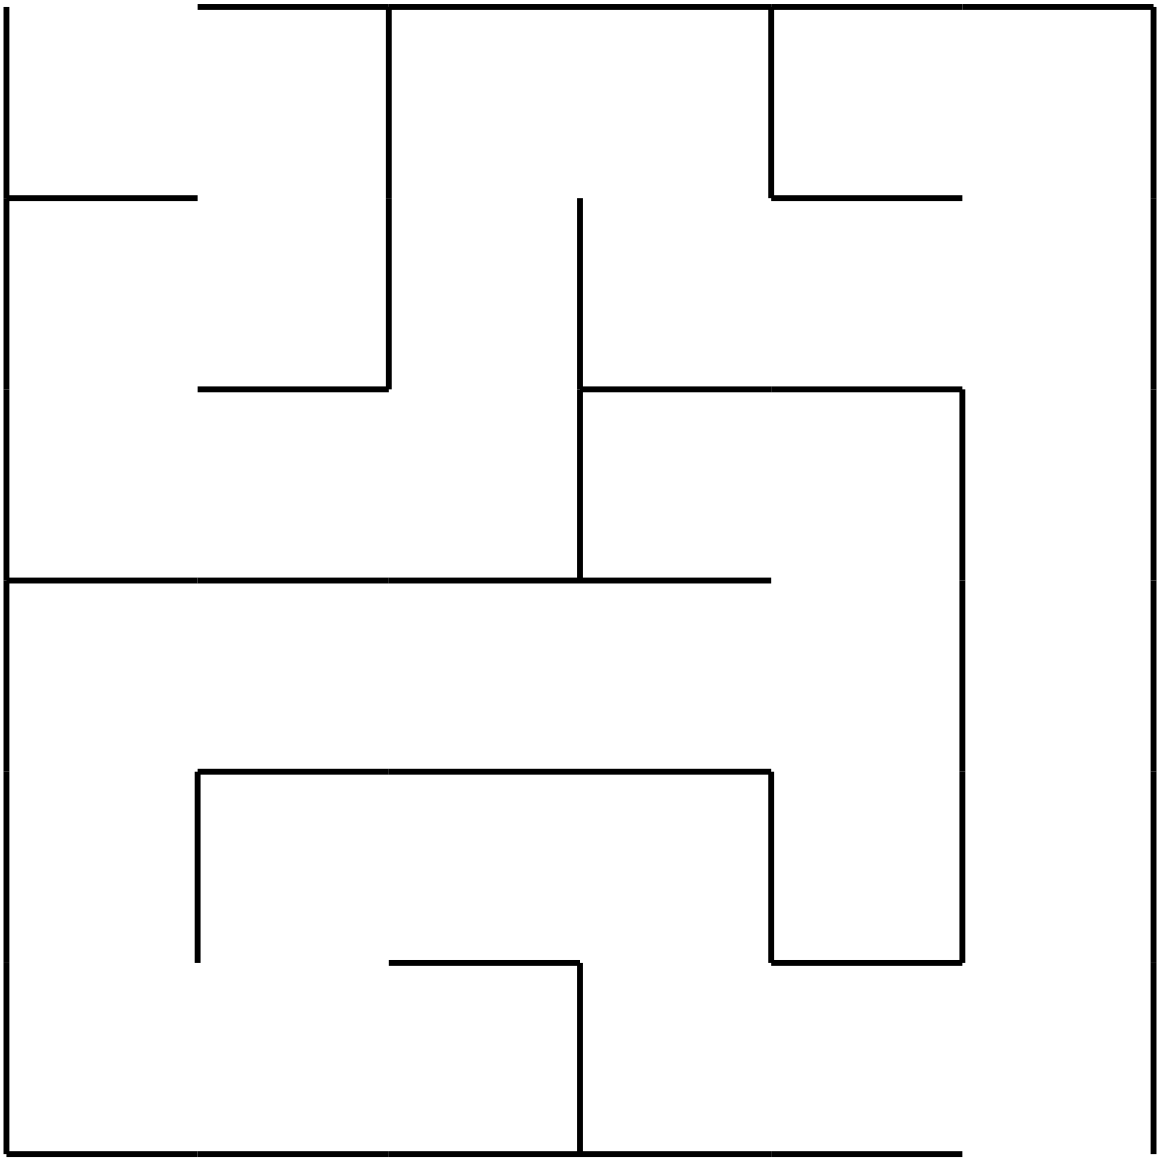

Prof Juliana Santos

Nome: _____

Labirinto divertido

Encontre o caminho do INÍCIO até o FIM sem atravessar as paredes.

INÍCIO

FIM

Habilidade: atenção e planejamento

A sequência dos números

Complete as sequências, escrevendo os números que estão faltando.

1	2	3	4	?	6	7	?

2	3	?	5	6	7	?	9

3	4	?	6	7	?	9	10

Habilidade: ordenação

Desenhe a quantidade

Desenhe 5 bolinhas dentro do quadro. Depois, conte novamente.

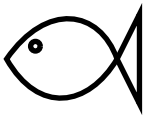

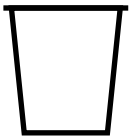

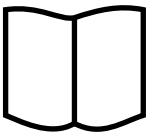

5

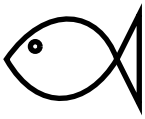

Desenhe suas bolinhas aqui

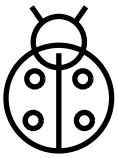

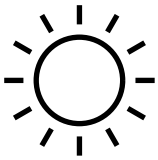

Habilidade: número e quantidade

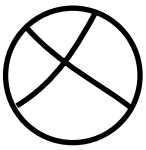

Agrupe e descubra

Circule apenas os desenhos de animais.

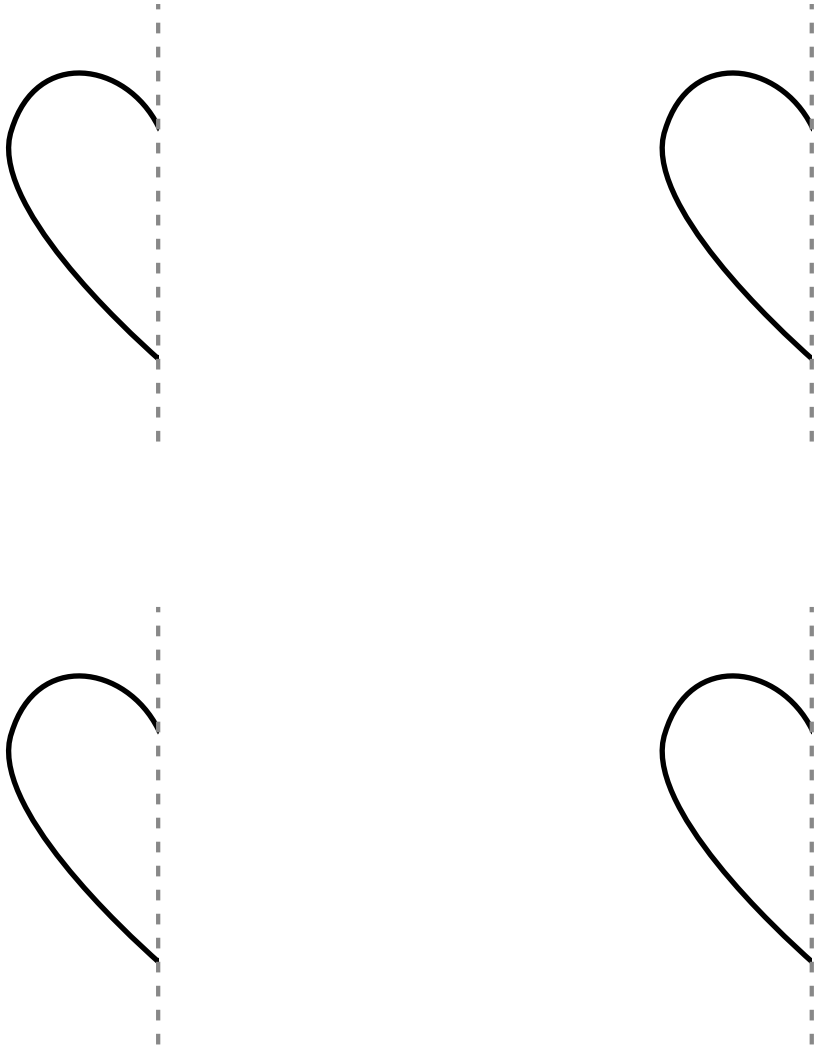

Habilidade: classificação

Prof Juliana Santos

Nome: _____

Complete a figura

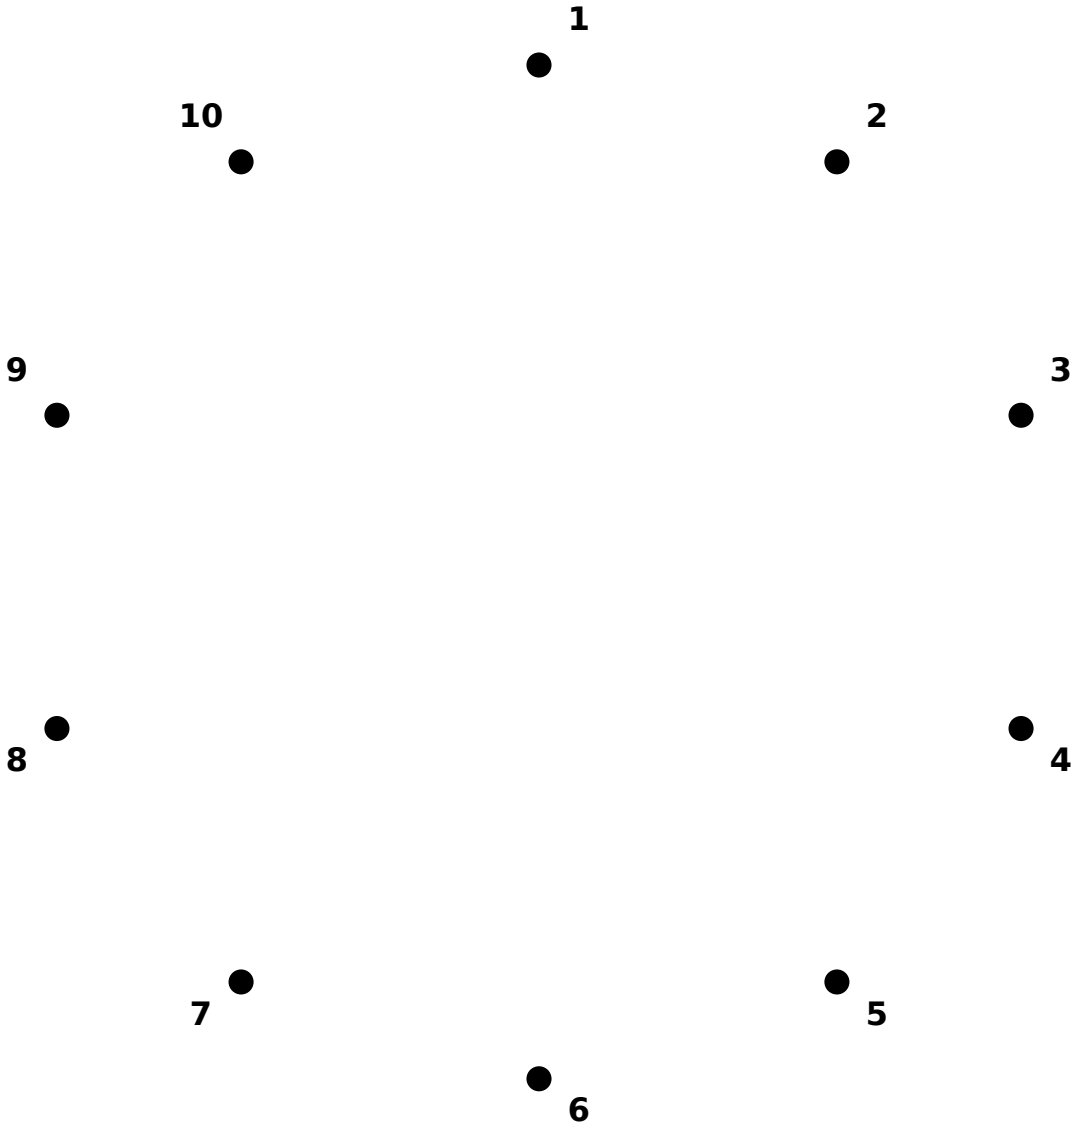

Observe a metade esquerda e desenhe o outro lado como um espelho.

Habilidade: coordenação e percepção

Ligando os pontinhos

Ligue os pontinhos em ordem, do 1 ao 10. Depois, pinte seu desenho.

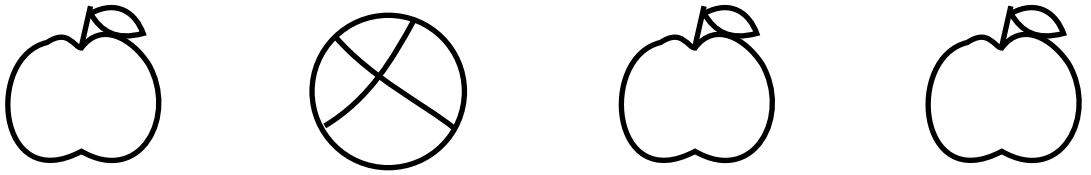

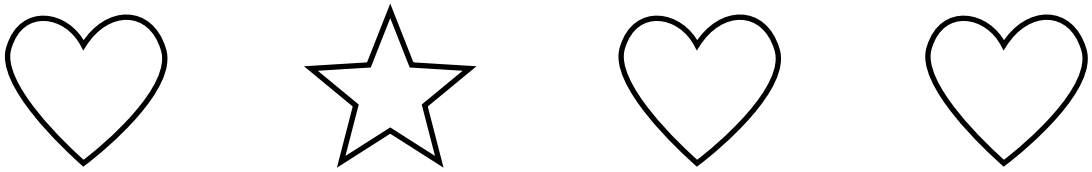

Habilidade: sequência e traçado

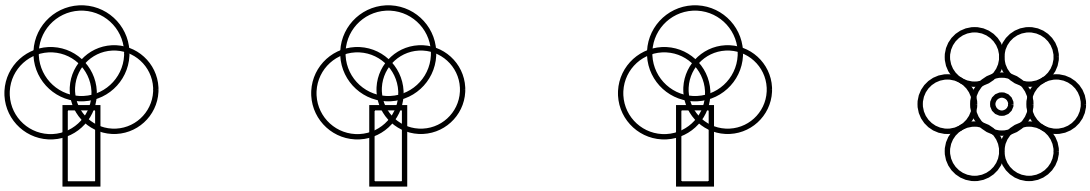

Qual é diferente?

Em cada linha, circule o desenho que é diferente dos outros.

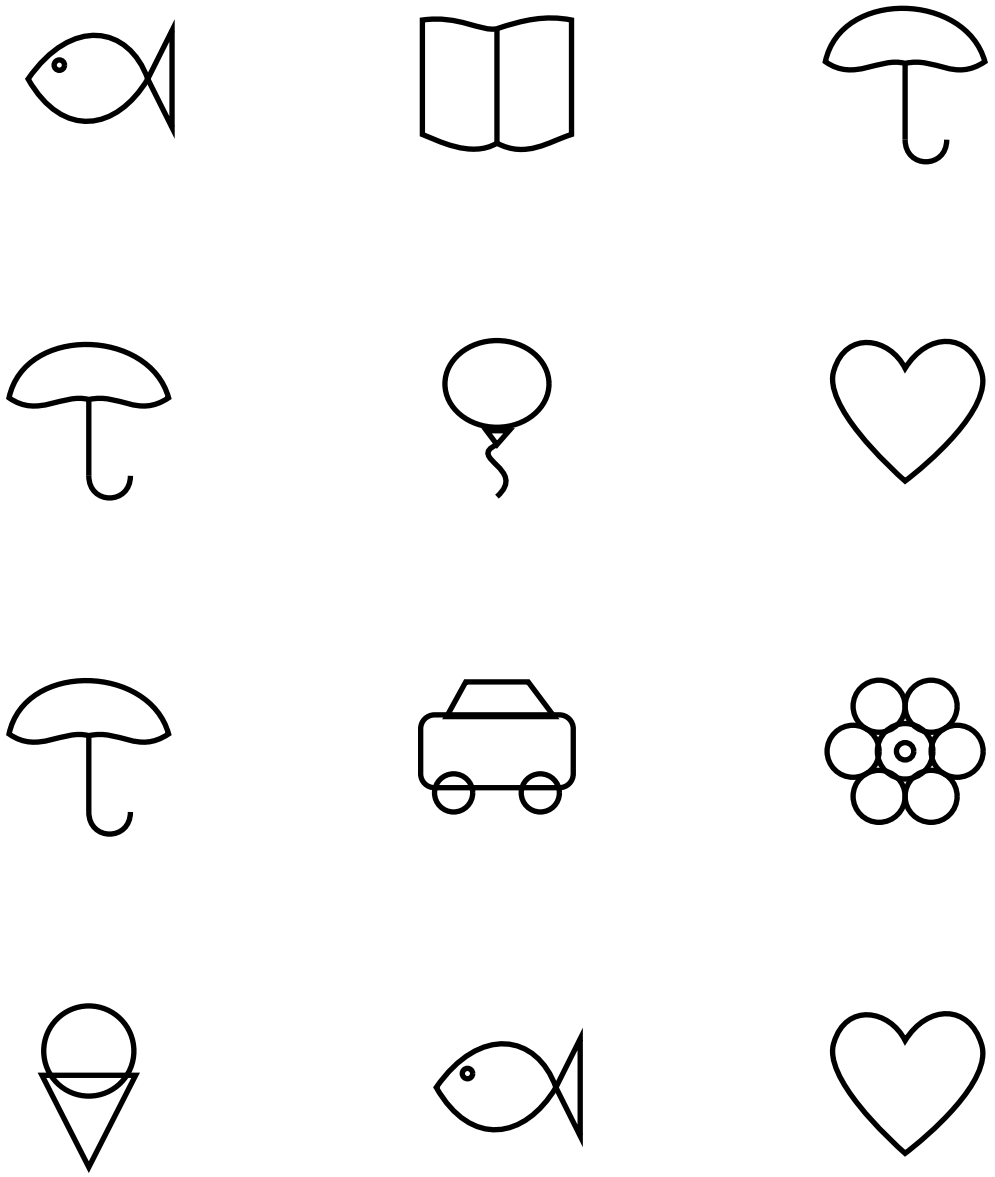

Habilidade: discriminação visual

Onde está?

Em cada linha, circule o desenho que está NO MEIO.

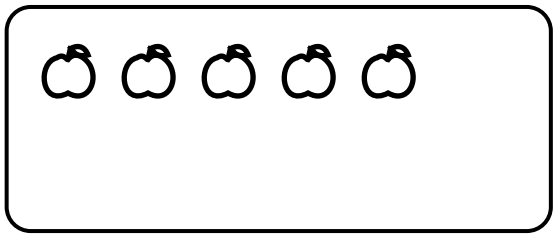

Habilidade: noções espaciais

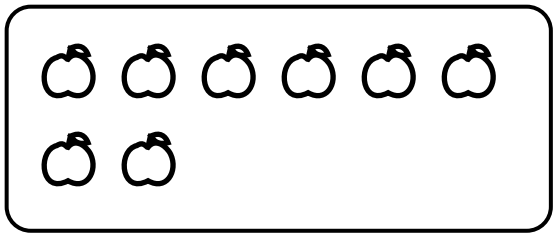

Número e quantidade

Ligue cada número ao grupo que tem a quantidade correta de desenhos.

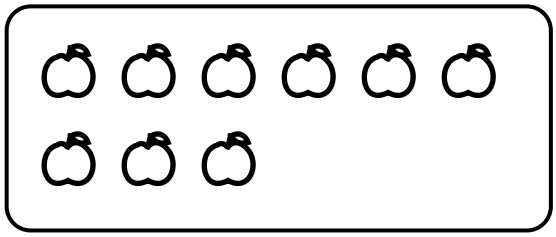

5

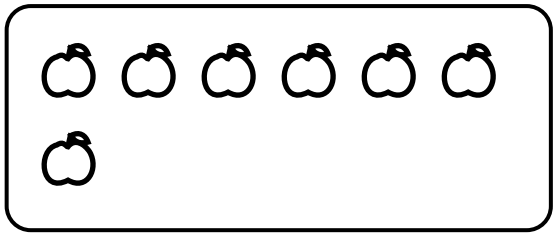

9

8

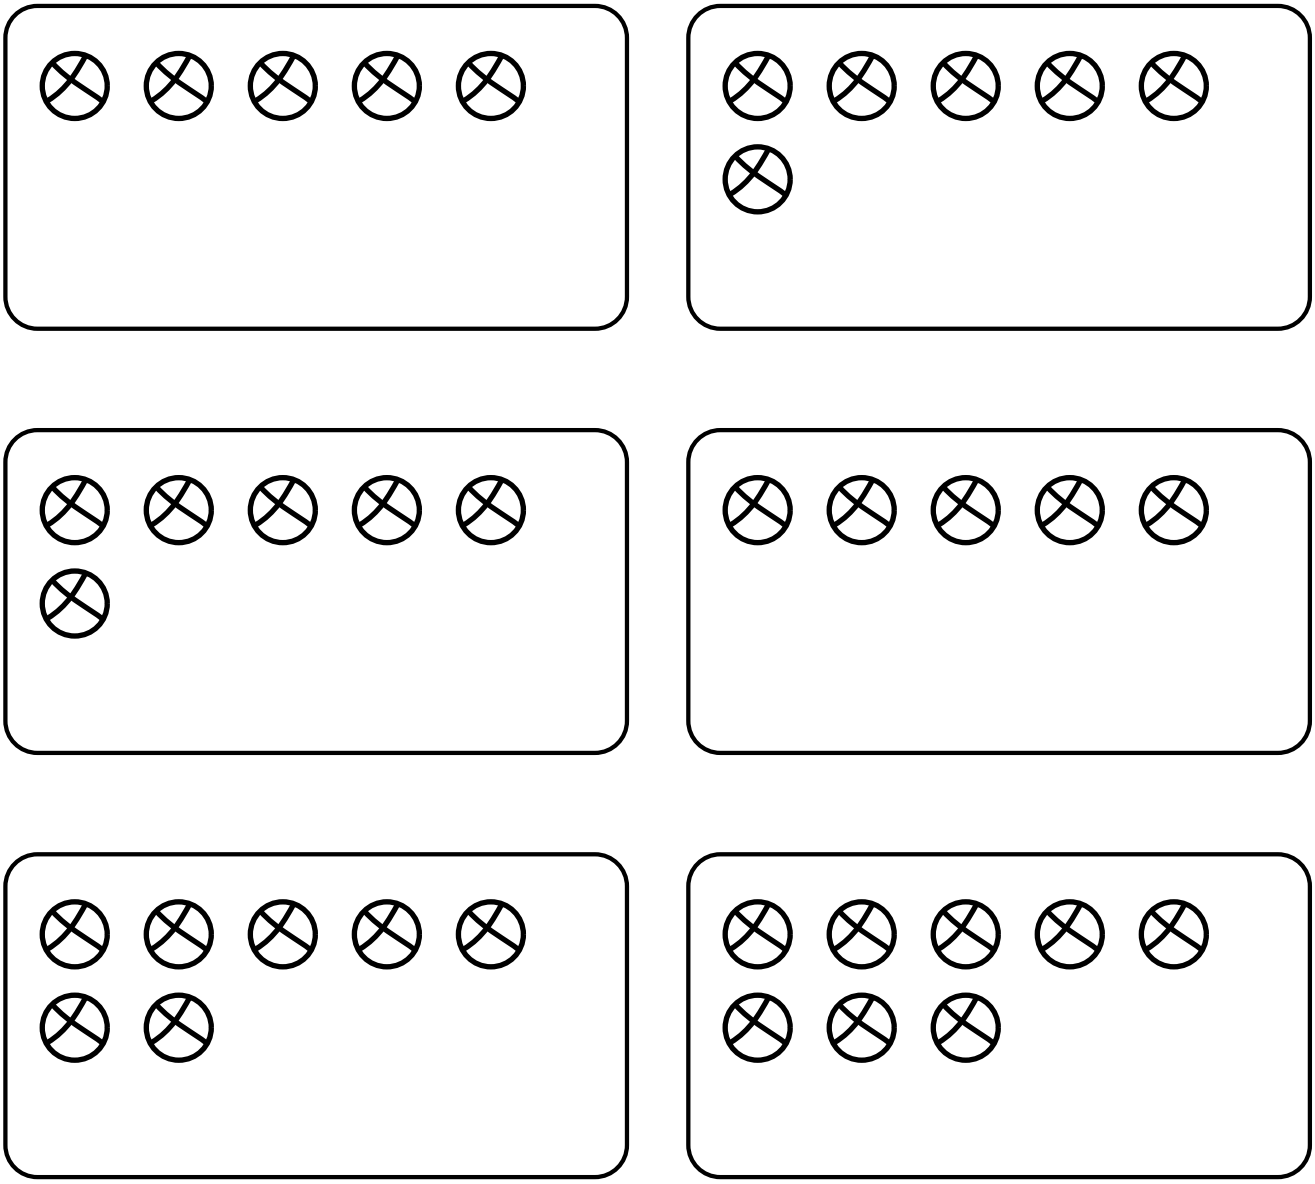

7

Habilidade: associação

Mais ou menos?

Em cada linha, circule o grupo que tem MAIS desenhos.

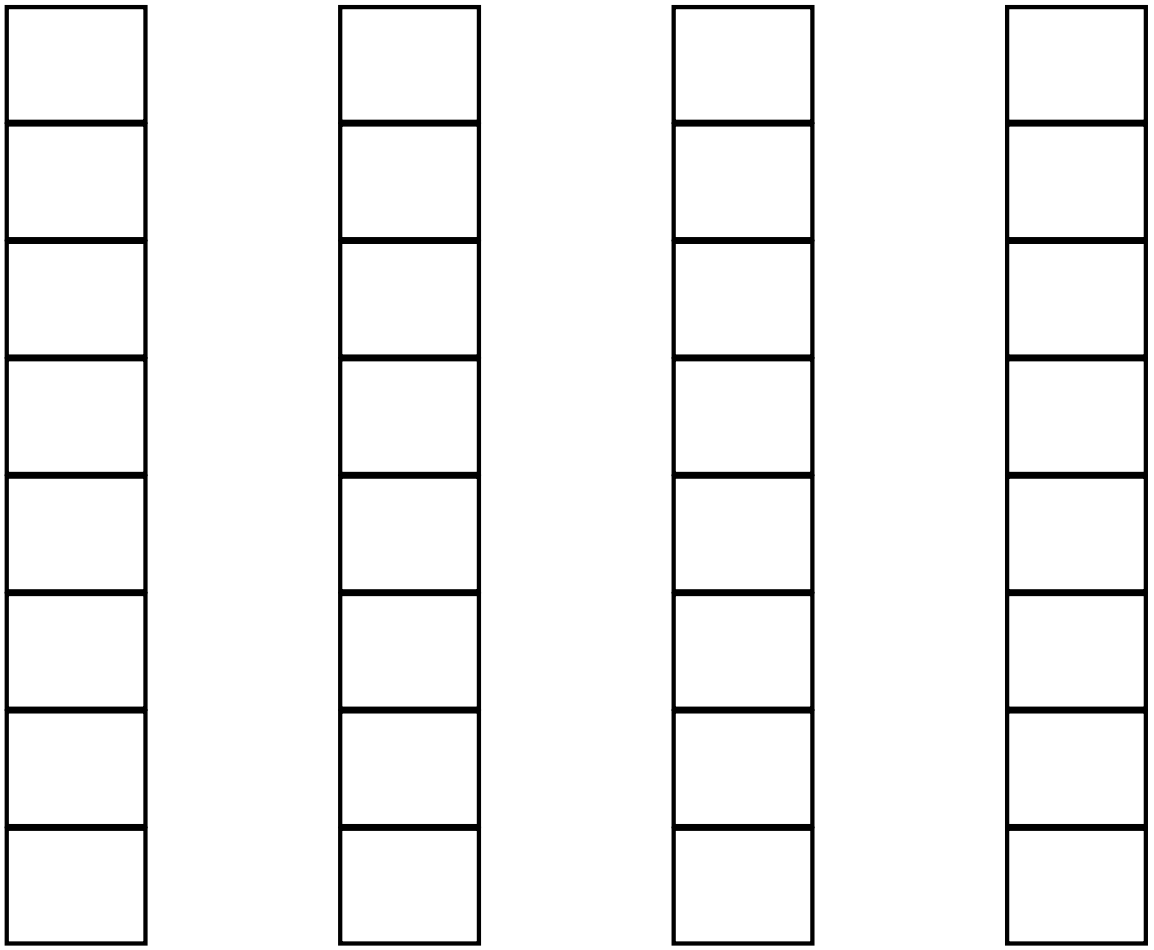

Habilidade: comparação de quantidades

Arte e descobertas

Complete o gráfico desenhando barras até a quantidade indicada.

A	B	C	D
2	3	1	4

Habilidade: expressão e raciocínio

Um novo desafio

Conte os desenhos e resolva: 1 + 3 = ?

+

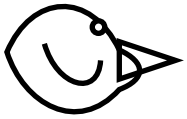

1 + 3 = _____

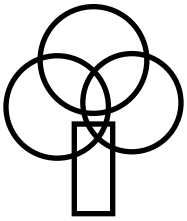

Habilidade: desafio adequado à idade

Estradinhas para seguir

Passe o lápis pelo caminho pontilhado para levar o pássaro até a árvore.

COMEÇO

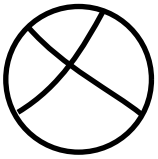

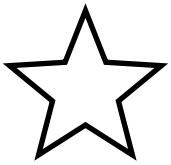

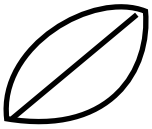

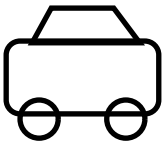

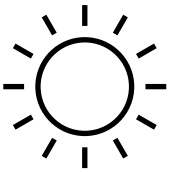

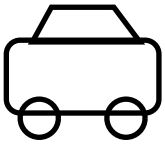

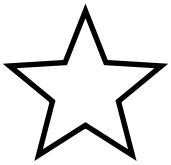

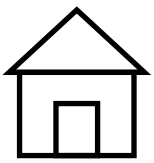

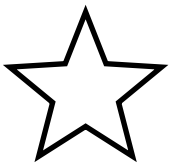

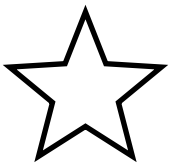

CHEGADA

Habilidade: coordenação motora

Pinte e descubra

Pinte os desenhos de estrela e faça um X nos desenhos de carro.

Habilidade: atenção visual

Prof Juliana Santos

Nome: _____

Conte os desenhos

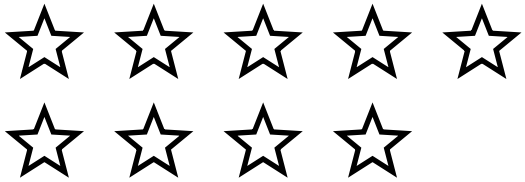

Conte os desenhos de estrela em cada linha e circule o número correto.

2 **4** **3**

7 **6** **5**

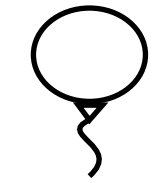

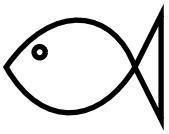

10 **8** **9**

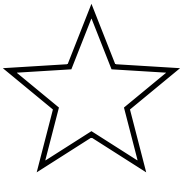

Habilidade: contagem

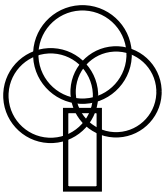

Encontre os pares

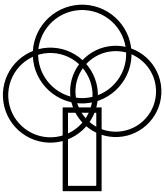

Ligue cada desenho da esquerda ao desenho igual do lado direito.

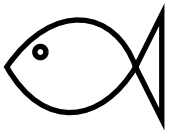

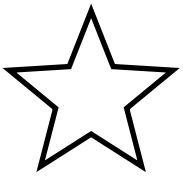

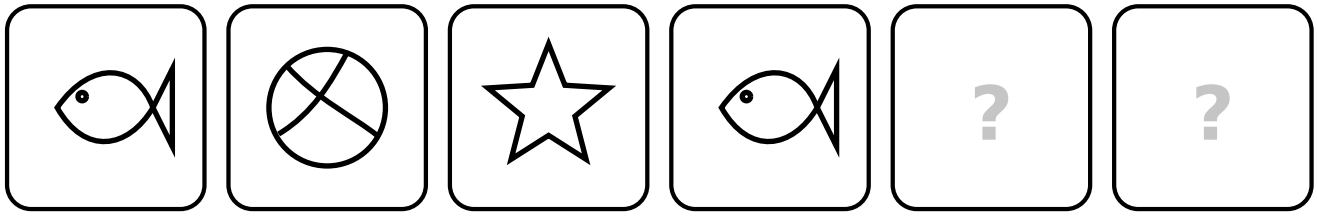

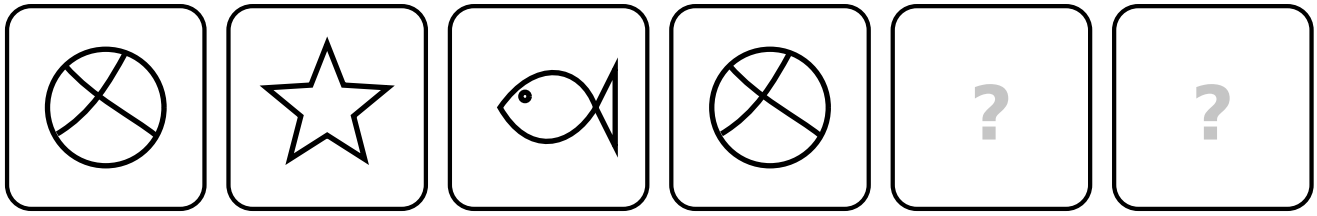

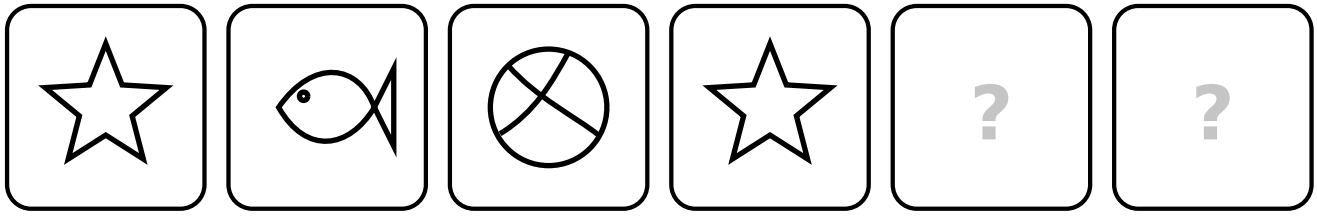

Habilidade: percepção visual

Qual vem depois?

Descubra a regra e desenhe as próximas figuras nos quadrinhos vazios.

Habilidade: sequência lógica

Aprendendo números

Passe o lápis sobre o número 4. Depois, tente escrevê-lo sozinho nas linhas.

4

4

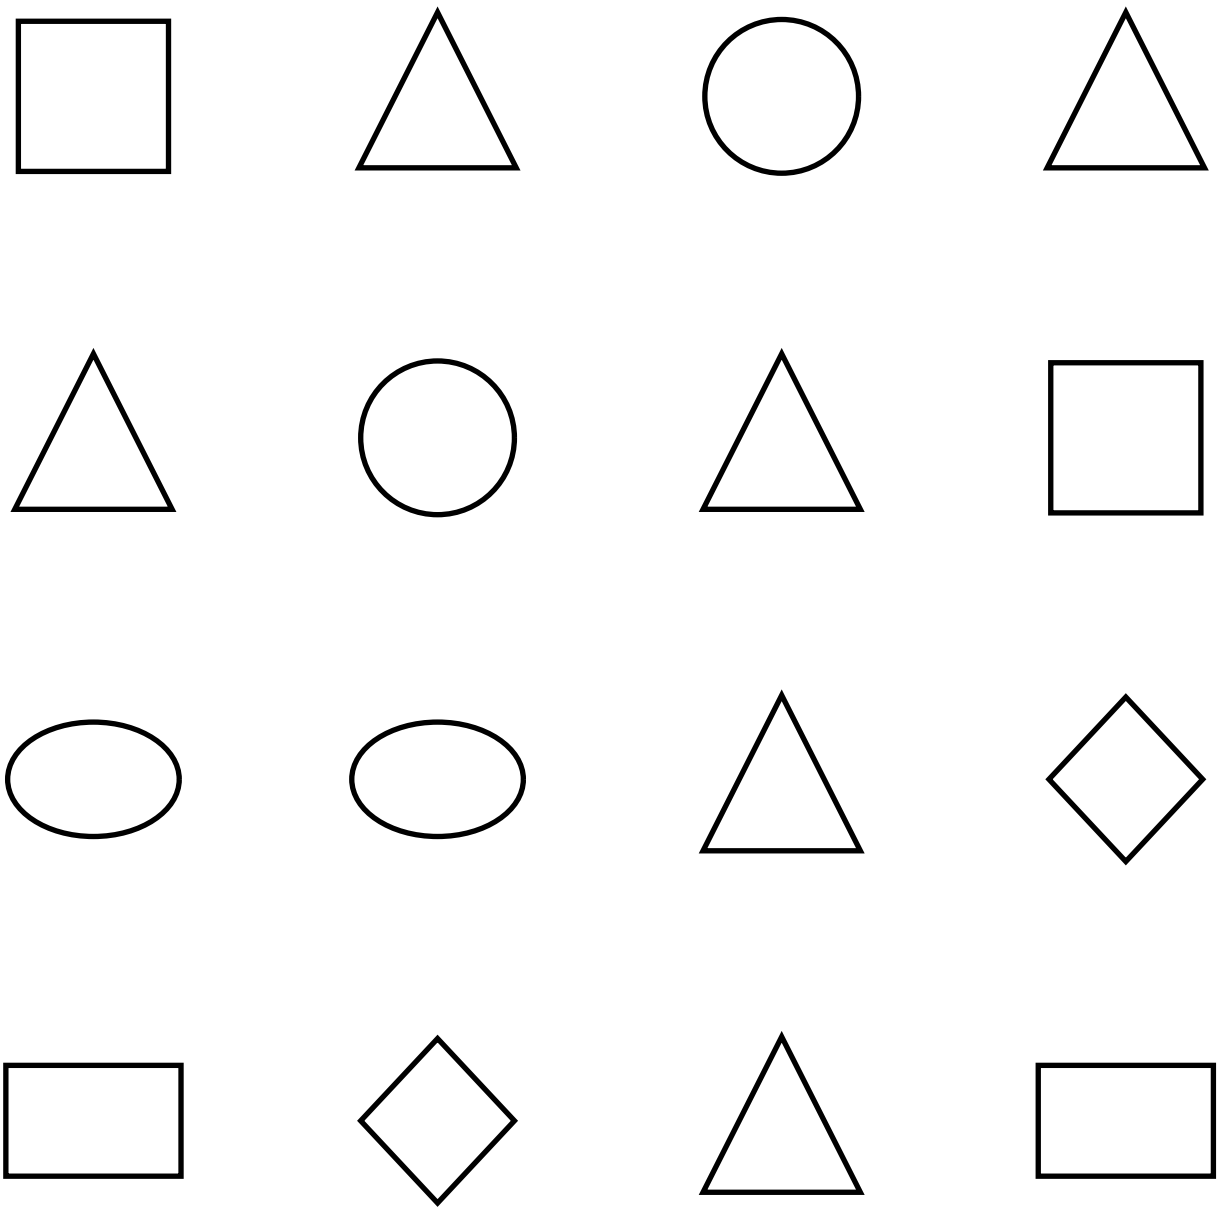

4

4

Habilidade: traçado numérico

Caça às formas

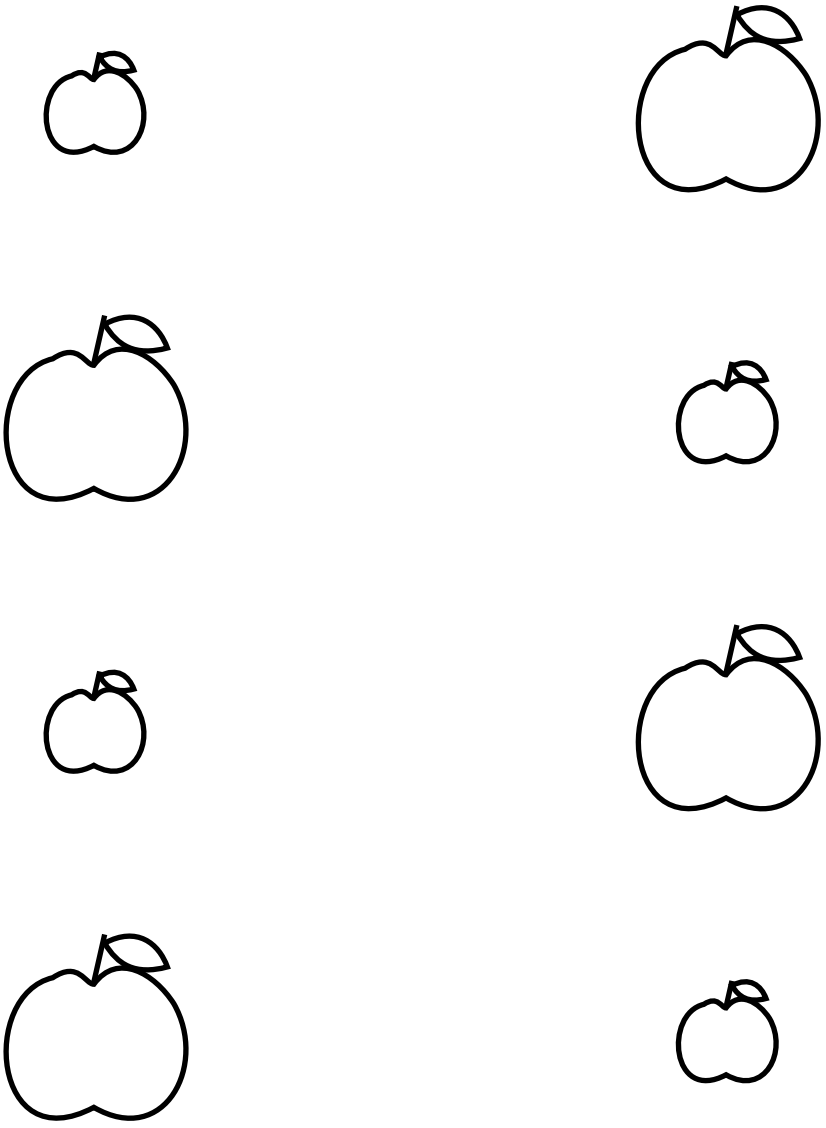

Encontre e circule todos os triângulos.

Habilidade: formas geométricas

Pequeno ou grande?

Em cada dupla, circule o desenho MENOR.

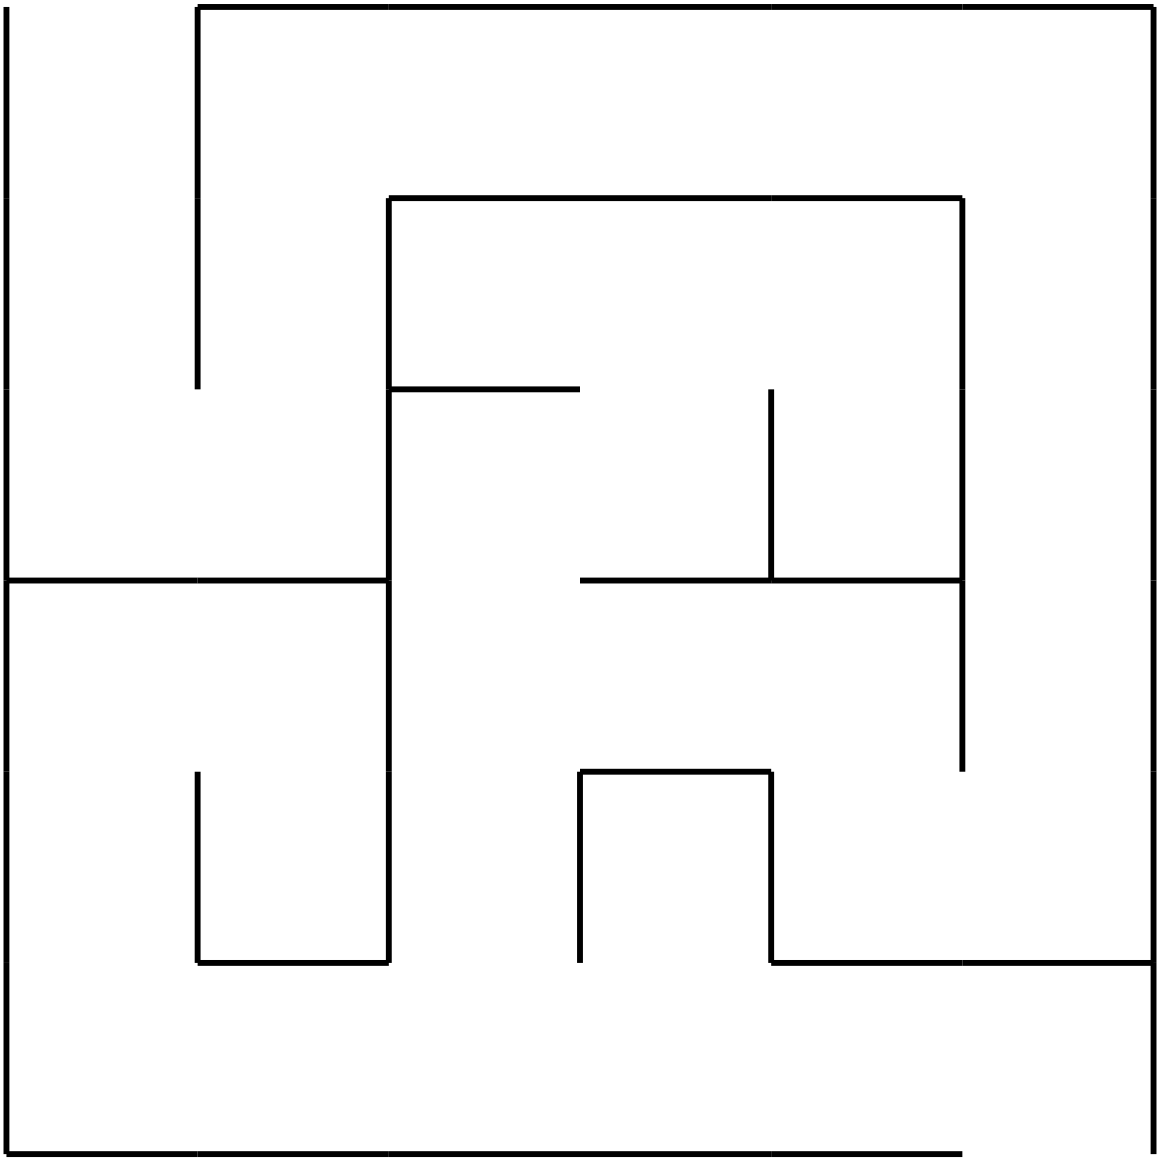

Habilidade: comparação de tamanhos

Labirinto divertido

Encontre o caminho do INÍCIO até o FIM sem atravessar as paredes.

INÍCIO

FIM

Habilidade: atenção e planejamento

A sequência dos números

Complete as sequências, escrevendo os números que estão faltando.

2	?	4	5	?	7	8	9

3	4	5	?	7	8	?	10

4	?	6	7	?	9	10	11

Habilidade: ordenação

Desenhe a quantidade

Desenhe 6 bolinhas dentro do quadro. Depois, conte novamente.

6

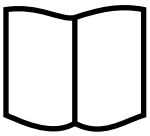

Desenhe suas bolinhas aqui

Habilidade: número e quantidade

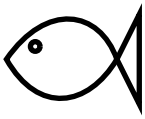

Agrupe e descubra

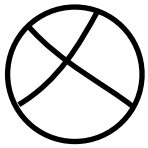

Circule apenas os desenhos de frutas.

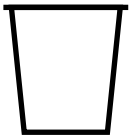

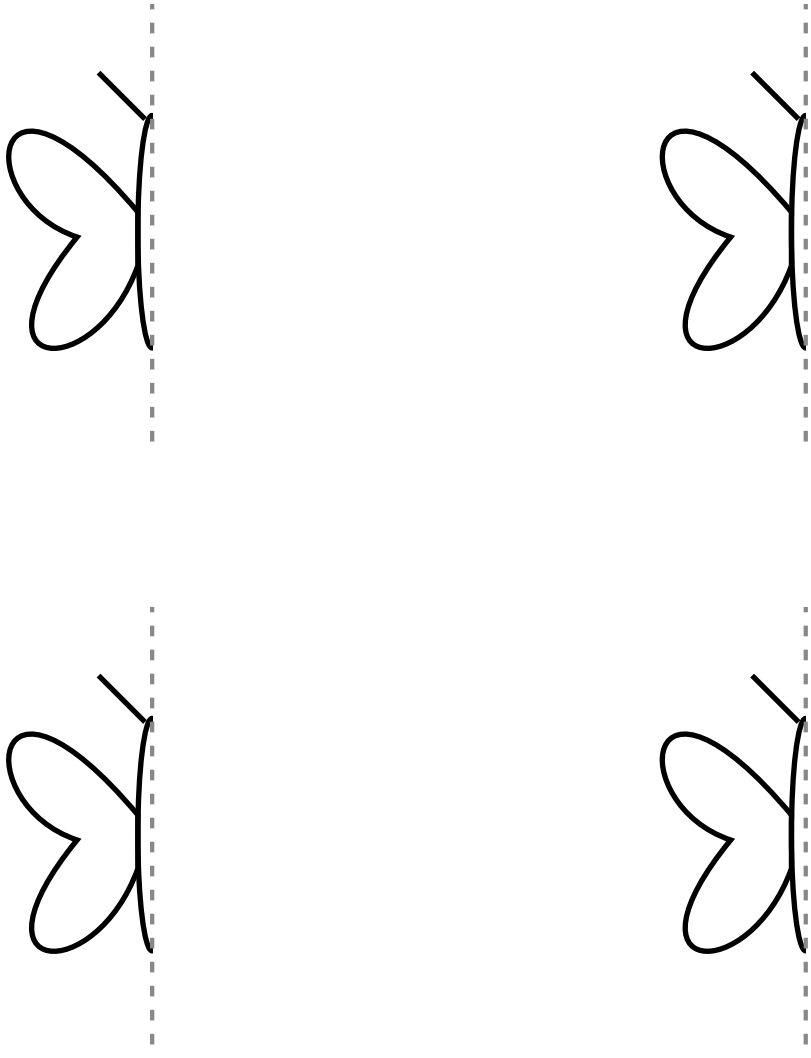

Habilidade: classificação

Prof Juliana Santos

Nome: _____

Complete a figura

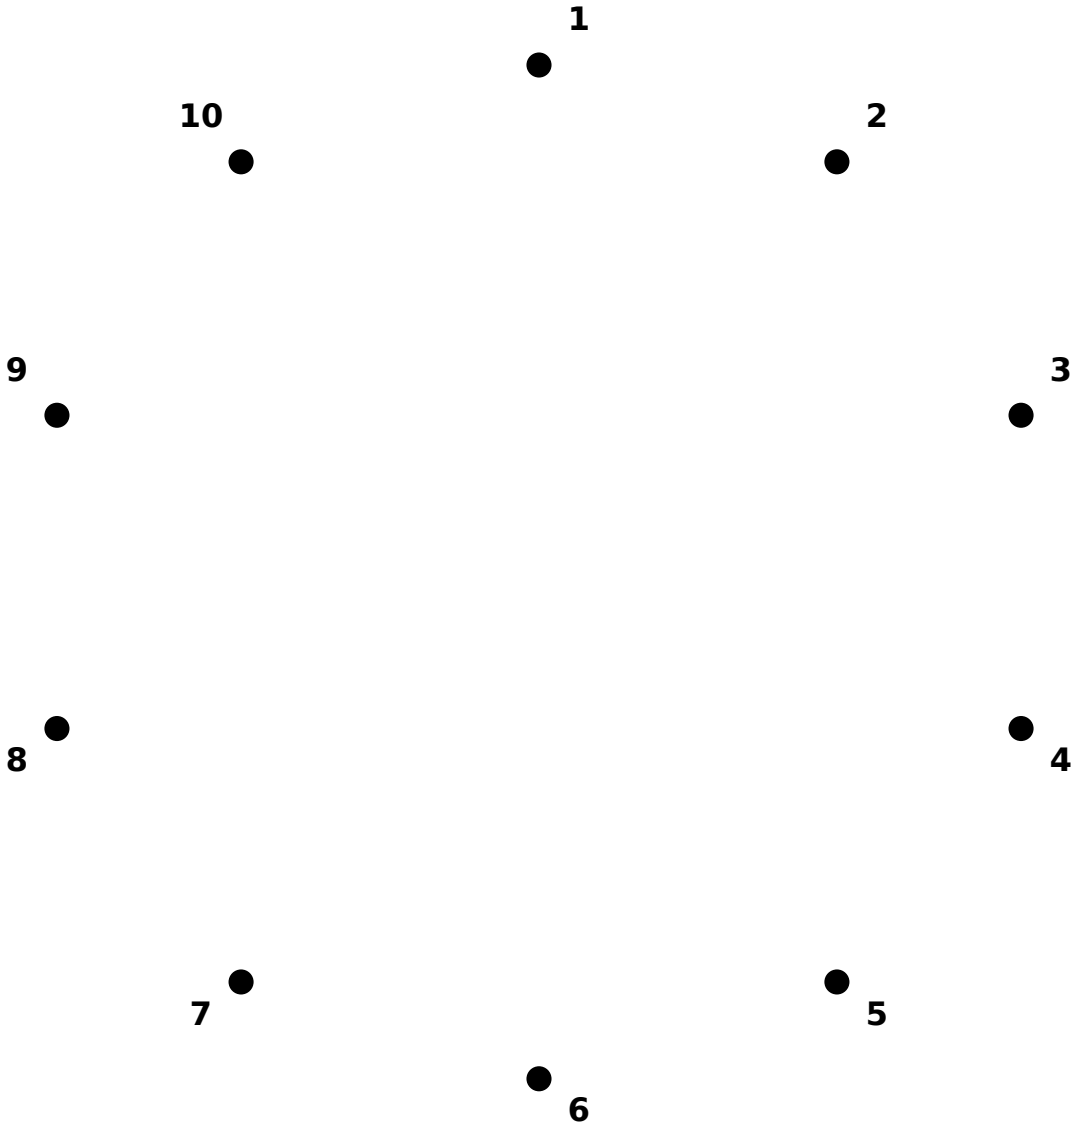

Observe a metade esquerda e desenhe o outro lado como um espelho.

Habilidade: coordenação e percepção

Ligando os pontinhos

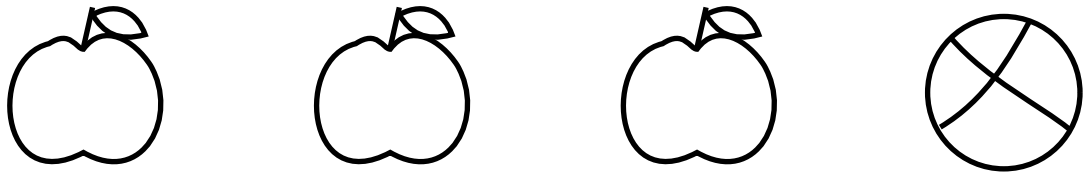

Ligue os pontinhos em ordem, do 1 ao 10. Depois, pinte seu desenho.

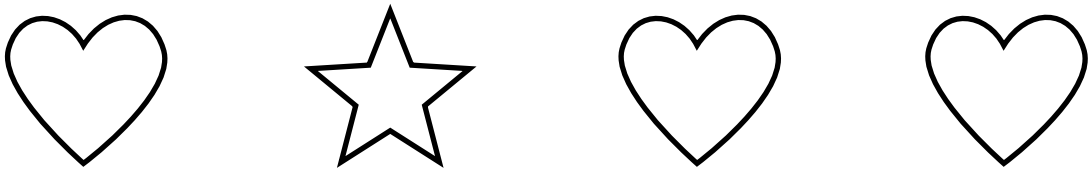

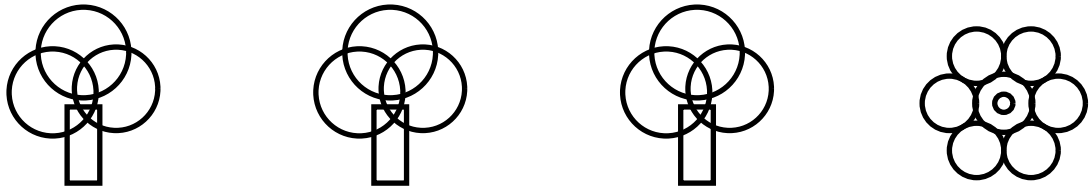

Habilidade: sequência e traçado

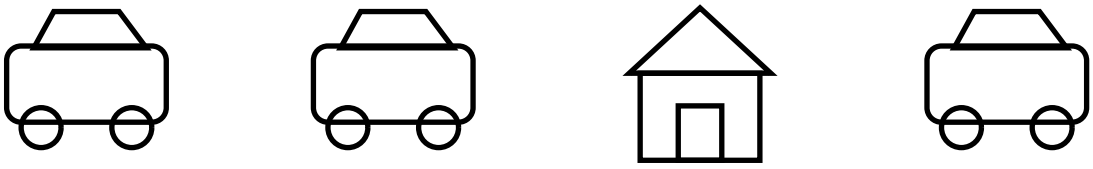

Qual é diferente?

Em cada linha, circule o desenho que é diferente dos outros.

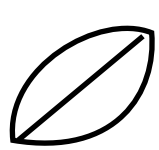

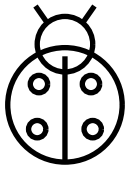

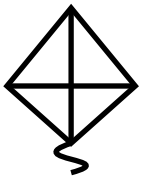

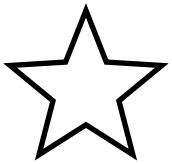

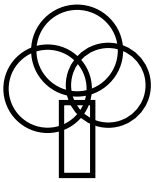

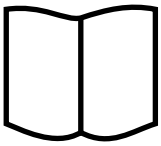

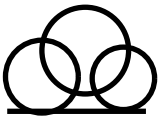

Habilidade: discriminação visual

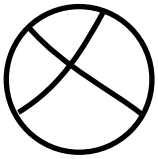

Onde está?

Em cada linha, circule o desenho que está NO MEIO.

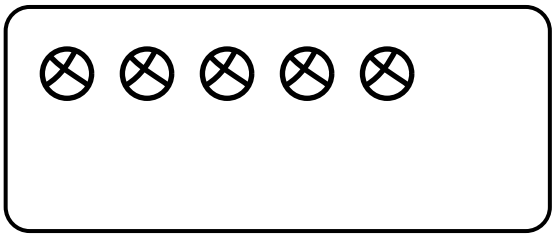

Habilidade: noções espaciais

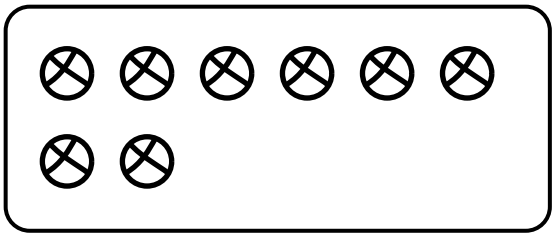

Número e quantidade

Ligue cada número ao grupo que tem a quantidade correta de desenhos.

8

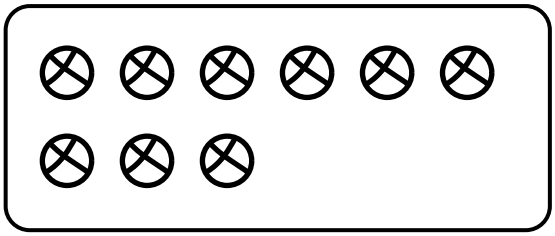

5

1

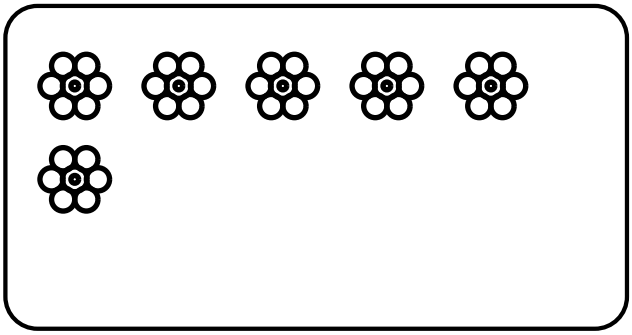

9

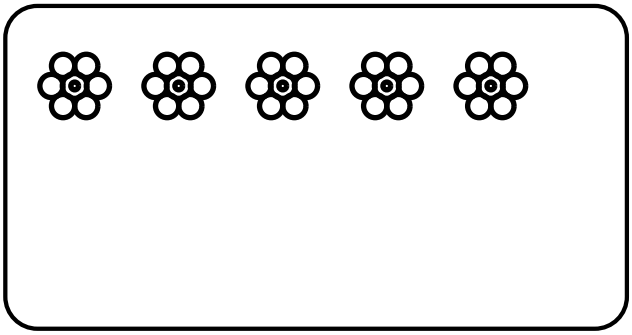

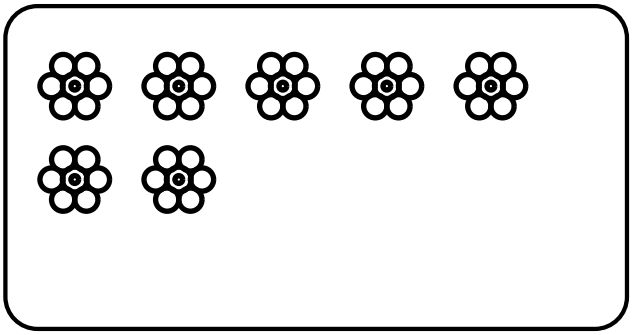

Habilidade: associação

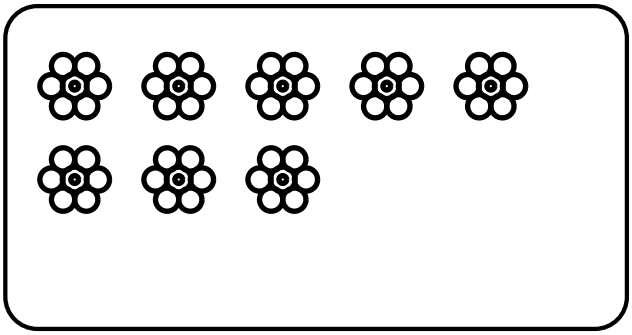

Mais ou menos?

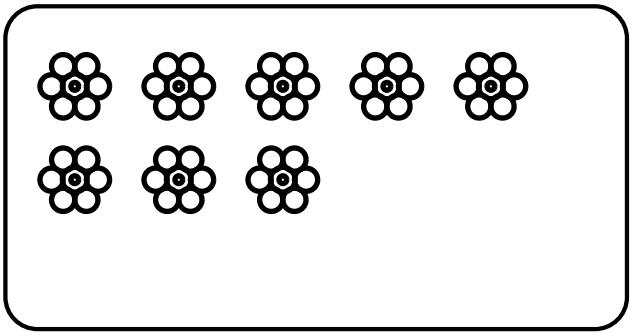

Em cada linha, circule o grupo que tem MENOS desenhos.

Prof Juliana Santos

Nome: _____

Arte e descobertas

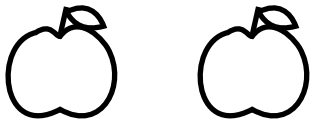

Complete o gráfico desenhando barras até a quantidade indicada.

Habilidade: expressão e raciocínio

Um novo desafio

Conte os desenhos e resolva: 2 + 1 = ?

+

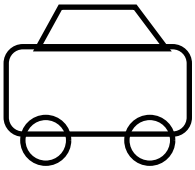

2 + 1 = _____

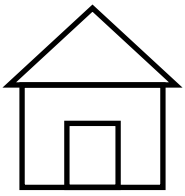

Habilidade: desafio adequado à idade

Estradinhas para seguir

Passe o lápis pelo caminho pontilhado para levar o carro até a casa.

COMEÇO

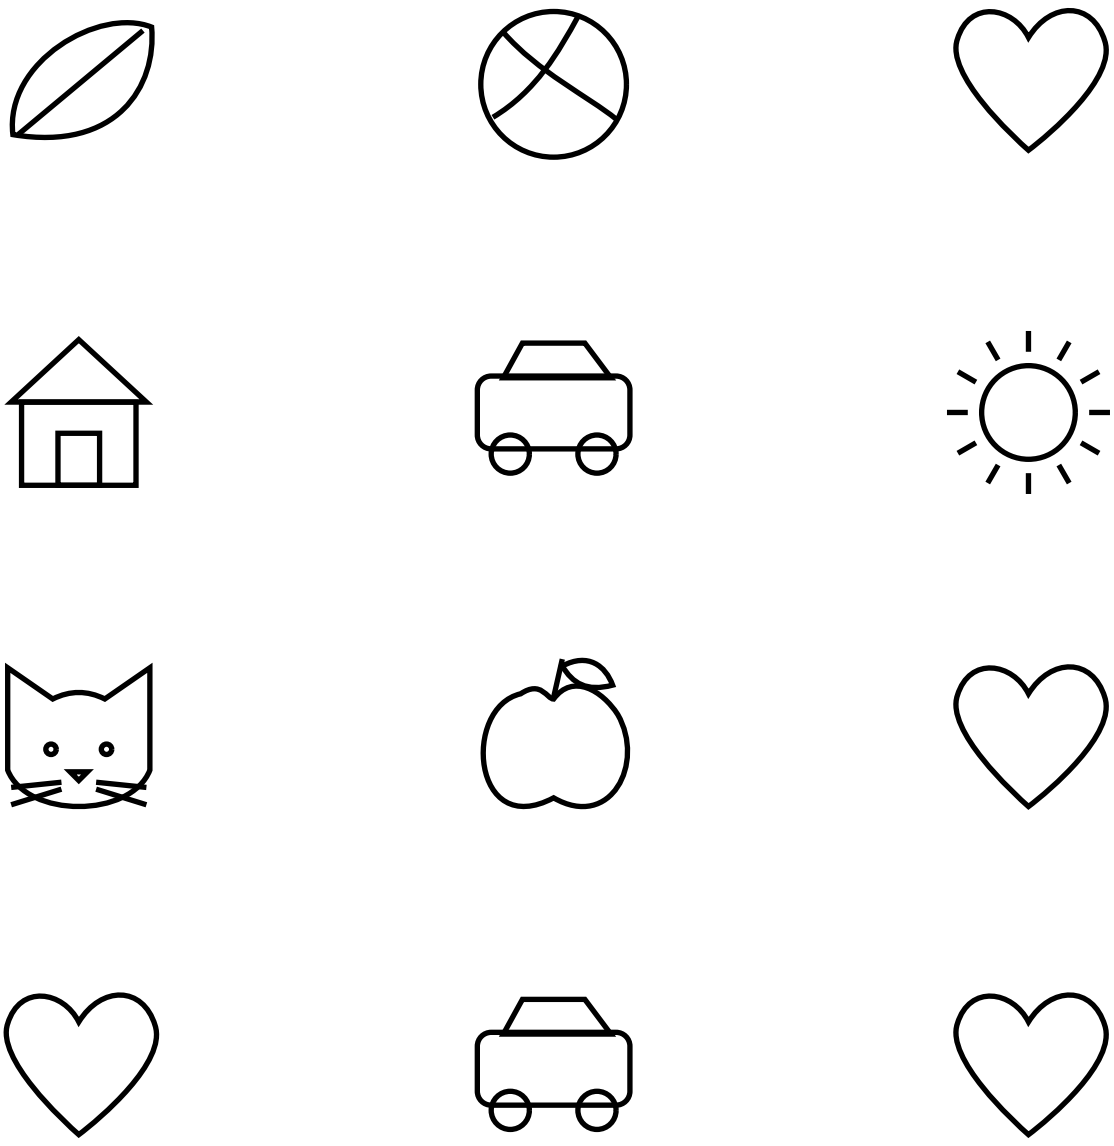

CHEGADA

Habilidade: coordenação motora

Pinte e descubra

Pinte os desenhos de coração e faça um X nos desenhos de carro.

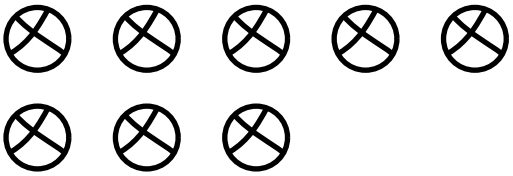

Habilidade: atenção visual

Conte os desenhos

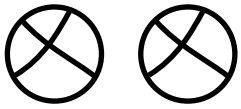

Conte os desenhos de bola em cada linha e circule o número correto.

5 **4** **6**

8 **9** **7**

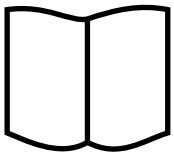

1 **2** **3**

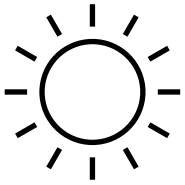

Habilidade: contagem

Encontre os pares

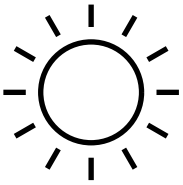

Ligue cada desenho da esquerda ao desenho igual do lado direito.

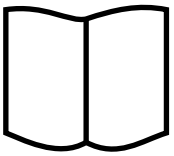

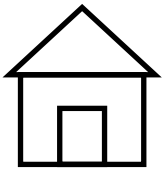

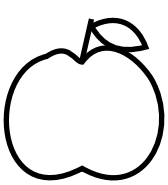

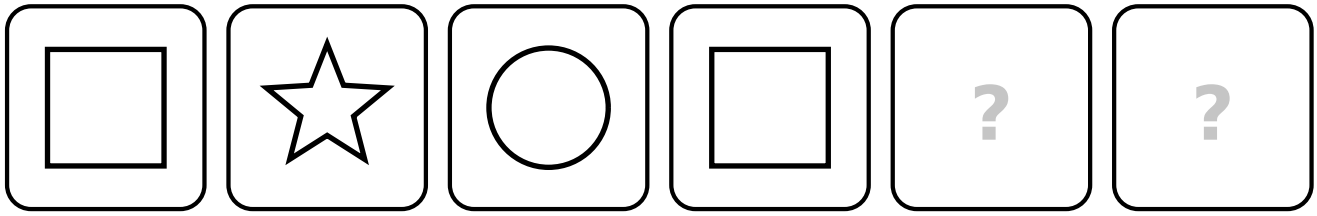

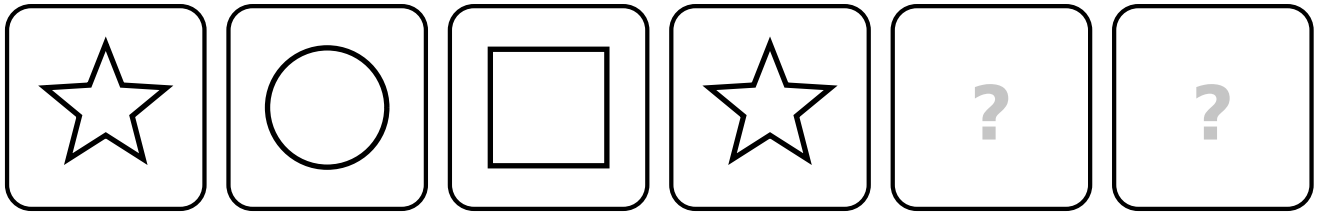

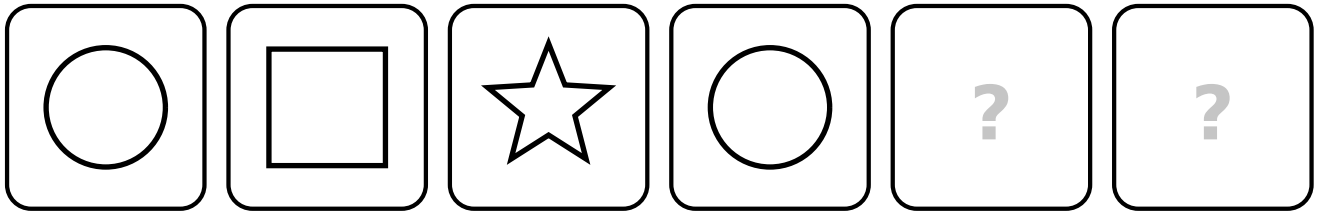

Habilidade: percepção visual

Qual vem depois?

Descubra a regra e desenhe as próximas figuras nos quadrinhos vazios.

Habilidade: sequência lógica

Aprendendo números

Passe o lápis sobre o número 6. Depois, tente escrevê-lo sozinho nas linhas.
